Continuation Sheet (PTO-303) 08/979,567-

Continuation of 5. does NOT place the application in condition for allowance because: The words "high" and "updateable" are relative terms and are subject to various interpretations to one of ordinary skill. Thus claims that rely on such terms as a way of differentiating over the prior art is insufficient. Also, to one of ordinary skill, it would have been obvious to apply to Moghadam et al. to any film image.
